APP

Good afternoon

Following on from a post on social media and from my own experience I would ask that the following is put forward as an agenda item for the next Abergele Town Council meeting:

'That due to increased and persistent anti-social behaviour in Pentre Mawr Park the Town Council shows a united front and requests from Conway BC that further resources are directed there to remove litter and other detritus for the benefit of the community.'

It's all very well to direct residents to the reporting tools but additional support from councillors would be appreciated and to a degree expected.

Many thanks  
Regards

## **MINUTES**

of the quarterly meeting of the **Association** held on  
**Friday 23<sup>rd</sup> July 2021 at 10.30am**  
by Zoom

### **1. Record of attendance:**

Cllr P Morton Chair	St Asaph City Council
Cllr A Ashworth Vice Chair	Denbigh Town Council

Cllr H Roberts	Conwy Town Council
Cllr B McLoughlin	Towyn and Kinmell Bay
Gareth Nickels	Town Clerk Rhyl Town Council
Cllr A Woolley	Buckley Town Council
Cllr P York	Holywell Town Council
Robert Robinson	Secretary/Treasurer

### **2. Apologies for absence received from:**

Steve Goodrum and Cllr J Bryant.

### **3. Minutes of the last Full Association Meeting – April 2021**

The meeting approved the minutes of the last full Association meeting held in April 2021.

### **4. Actions from and since last meeting**

The meeting noted the actions taken since the last full Association meeting.

**5. Consultation on local authority power to trade**

The meeting considered the Welsh Government Bill whereby Town and Community Councils could gain the power to trade if they meet set criteria. The criteria is understood to be:

Properly produced and audited accounts for two years.  
A substantial number of Councillors elected not co-opted.  
A suitably qualified Clerk.  
The meeting noted that such arrangements would be a Power and not a Duty.

On the basis that it is optional and not compulsory the Association agreed to support the proposals.

**6. To receive a Health report for both North and Mid Wales**

The meeting considered a short update on Health matters in North Wales and Mid Wales.

It was noted that the Betsi Cadwaladr Trust was now out of special measures but still needed much improvement.

The issue of 999 calls for ambulances was noted (in particular non-essential calls).

**7. Review of the Future Plan objectives**

To consider a review of progress towards the plan objectives.

The Secretary gave an update on where the high priority subjects were.

- a) Discussions are continuing with Welsh Government over a Minister for North Wales. A meeting is awaited.
- b) Rail Services along the North Coast have been an important topic and a lot of work has taken place on this subject. See item below.
- c) Homeless is still a topic of concern and will appear on future agenda.
- d) Consultations have been responded to as required.

**8. North Wales Coast Transport**

The meeting received an update on the work of this Committee -- in particular the Station Audits and Dementia Audit for the North Coast Line.

The Secretary brought the meeting up to date with regard to the following:

- a) The design of trains serving both the North Coast and Cambrian Lines.
- b) Meeting with CEO of Transport for Wales with Welsh Government.
- c) Issues around stations with short platforms.
- d) The station audit which has been accepted by TfW and passed to the station improvements group.

- e) The dementia audit which has also been accepted by TFW and passed to station improvements group.

Members raised a number of issues around station improvements made recently with little regards for dementia.

The meeting **agreed** that Cllr Peter Morton should continue to chair the North Wales Transport Liaison Committee.

### **9. Parliamentary Boundaries**

The subject of the parliamentary review was raised which would see a reduction in MP's from 40 to 32 in Wales.

As soon as the consultation is online the secretary will bring it to the meeting.

### **10.20 mph speed limits**

A discussion took place around 20mph limits in towns. Rhyl has most of its central roads the subject of a 20mph limit. However it is not popular with residents, often not adhered to and there appears to be little enforcement. Old Conwy had asked to have such a scheme but was turned down at this time.

### **11. Holywell Transport issues**

The representatives from Holywell outlined their concerns around public transport in Holywell. These concerns will be taken up in the North Wales Transport Liaison Committee.

### **12. Electric cars**

Holywell Town Council is also concerned about the introduction of electric cars and how this might impact on those who still have petrol/diesel vehicles. A copy of the letter from Holywell Town Council is set out here:

*Dear Robert,*

*Holywell TC has just sent a letter to Delyn SM and Jason our Clerk has or will send it to you. At our May meeting the Town Council agreed unanimously to send a copy to you. We will also copy to Jane Hutt. I am the original author.*

*I am concerned that with the diesel/petrol cut off brought forward to 2035 (I heard 2030 mentioned on radio recently) and car manufacturers talk of ending diesel/petrol production in 5 year, many people especially the less well-off and those in rural or disadvantaged areas are likely to be left stranded in any transition but also long term.*

*Public transport is at best inadequate. Many will not afford the HP or £200 plus monthly lease of new electric models. Petrol and diesel cars will become unavailable ( and valueless) and second hand electric cars will not meet demand.*

*Certainly where we live, public transport will not meet all the various needs - work, social and recreational, hospital and health, educational. The uptake of cycle travel is at best unpredictable. Some face a sedentary future.*

*This will matter in our whole Association area, thus I think we should air the point at one of our meetings - soon hopefully.*

*I would like to know our political leaders are aware of likely problems and have suitable plans to address them - but I am not confident and we are likely to see a variety of patch up and fudge solutions and possibly a compromising of the decarbonising agenda. I do not want to see any "green" policies derailed because of political expediency.*

**13. Dates for 2021-2022 Meetings**

The meeting noted the dates for the meeting in 2021/2022 as per those agreed at the Annual Meeting.

When it is safe to do so the Association can meet in person. This maybe sometime yet.

**14. Actions to be taken forward**

The following actions to be taken forward from the meeting.

No	Item
1	Prepare minutes and post on website
2	Accounts for 2020-2021 audit
3	Holywell transport issues to be raised at the transport liaison meeting
4	Meeting with Welsh Government over a minister for North Wales to be progressed.
5	Invite Police and Crime Commission to the October meeting.
6	Respond to the Power to Trade consultation
7	Raise the subject of electric cars with the Executive at its next meeting

Good morning

The Welsh Government has today made available new planning policy advice in the form of **Technical Advice Note (TAN) 15: Development, flooding and coastal erosion**. This advice will introduce important changes to the way flood and coastal erosion risks are considered as part of development proposals in the planning process.

- **TAN 15: Development, flooding and coastal erosion** can be viewed here: <https://gov.wales/technical-advice-note-tan-15-development-flooding-and-coastal-erosion>
- A consultation report detailing how the new TAN 15 has evolved from the draft document can be viewed here: <https://gov.wales/technical-advice-note-15-development-flooding-and-coastal-erosion>

A new **Flood Map for Planning** has been made available by Natural Resources Wales. The Flood Map for Planning is designed to be used alongside the new TAN 15 to identify areas at risk from flooding and coastal erosion. It builds in future risks associated with climate change, thus ensuring those considerations will be taken into account in decision making.

- The Flood Map for Planning can be viewed here: <https://flood-map-for-planning.naturalresources.wales>

**Please note: The new TAN 15 and Flood Map for Planning are currently being made available for information purposes only to allow pi**  
**developers and stakeholders to prepare for their formal publication. Both will take effect for planning decision making purposes from**  
**December. Guidance on the transition from current advice and map to the new TAN 15 and Flood Map for Planning can be viewed her**  
**[advice-note-tan-15-development-flooding-and-coastal-erosion](https://gov.wales/technical-advice-note-tan-15-development-flooding-and-coastal-erosion)**

Until 1 December, the existing planning policy advice and mapping on flood risk and advice on coastal planning must continue to be used for planning decision making purposes. It can be viewed here: [Technical advice note \(TAN\) 14: coastal planning | GOV.WALES](#); [Technical advice note \(TAN\) 15: development and flood risk | GOV.WALES](#); [Flooding: development advice map | GOV.WALES](#)

Updated Climate Change Allowances for Flood Consequences Assessments for immediate use (replacing those from 2016) have also been published today.

## Fw: Our concerns as tax paying residents in Abergele

ATC Deputy Clerk <deputyclerk@abergele-towncouncil.co.uk>

To: ATC Deputy Clerk <deputyclerk@abergele-towncouncil.co.uk>

**From:** (

**Sent:** 05 October 2021 12:26

**To:** Info <info@abergele-towncouncil.co.uk>

**Subject:** Our concerns as tax paying residents in Abergele

For the attention of all councilors.

I write on behalf of I and myself , having reached the point where keeping quiet and getting on with our lives is no longer an option.

Some of our concerns:

- \* filming and developments at Gwrych Castle are infringing on our lives and quality of life. These infringements are imposed/ reinforced by the council.
  - a) Whilst adhering to the newly placed speed limits ( which were not transparently discussed with the community ) we have been overtaken on double lines and gesticulated at. In addressing noise and safety issues re the castle , other safety risks have been created.
  - b) The placement of cones and signage is discriminatory. Space on pavements are very restricted in some areas and prohibit the use of pavements by disabled people e.g. those with mobility or sight difficulties. There is a risk that pedestrians might be forced to step off the pavement when making their way to use local services e.g. .G.P. surgery. Alternatively they will have to avoid those areas and thus have their rights as local citizens denied.
  - c) We support a circular economy and are glad that some local businesses are gaining financially . However there are some difficulties with the current situation in Abergele e.g. a local cafe put up a notice to say they are closed due to commitments at the castle. Residents that support local businesses through the year have thus restricted services available.
- \* The choice of venues for support workers ( or families) to take individuals to in the town e.g. for a cup of coffee and chat, are limited. Particularly for those individuals that have mobility issues. Thus business is lost to the town . Some recipients of care are billed for mileage.
- \* We look forward to seeing the lives of all residents improved through the Green Gele project. With that in mind it is a shame that a blue wall snakes through the town. That is both divisive and exclusive. That wall could have been used to unite rather than divide. For example it could have been green.
- \* In the past, community groups have requested use of empty shops and their windows to little avail. In view of this , the use of those buildings/windows to supposedly improve the lives of residents through encouraging commerce, is somewhat galling.
- \* We would ask that the right to privacy of residents in their own homes / properties is given every consideration. We, personally, would prefer less aircrafts circling above us during filming at the castle. We have no difficulty with emergency services flying overhead.
- \* The Town Council now has an opportunity to encourage cohesion through the Place Plan developments. This may mean that the council be less prescriptive in some areas and place more trust in its residents. Trust and respect are earned and we would add our support to all councillors and developments that respect and embrace the whole community.

**Dear Head teachers / Principal / Teachers / Town Council / Councillors / Chief Constable**

I am writing to inform you that the Active Travel consultation for none motorized journeys is now open and will close on the 26 of October 2021.

It is an opportunity to have your say on walking, cycling and wheeling routes existing and proposed in your neighbourhood.

We have used resident feedback from the Active Travel consultation held earlier within this year to update a network map of current and future routes for non-motorized travel. Now we'd like to know if we've missed anything from these proposals and what routes you would wish CCBC to prioritize when bidding for funding.

We will be sending the map for approval to Welsh Government later this year, once the proposals are approved, CCBC will bid for funding to create these future routes

The below link will allow you to view each map and leave comments:

Thank you for your time and interest.

Yours sincerely,

for G.B. Edwards

Dear Resident,

**Re: Preparing to film at Gwrych Castle**

As you may already know, once again we will be filming 'I'm a Celebrity...Get Me Out Of Here' at Gwrych Castle this winter and would like to take this opportunity to introduce ourselves here at ITV and give you some outline information on the plans for the production.

We were given a really warm welcome by the community last year and we hope that you are as excited as we are to once again bring the show to Abergele. Since you live in the immediate area surrounding Gwrych Castle and our base at Manorafon Farm Park, you will have undoubtedly seen a lot of activity over the past few weeks and here is some information below which we hope is helpful.

Timeline

We are currently still in the build phase, preparing the castle and grounds for filming, which means we are working throughout October. You may have already noticed some traffic calming measures around the perimeter of Gwrych Castle which are in place to address safety concerns. As we approach our filming dates, we will reach out again to inform you of any changes that might happen to our schedule, including any further traffic management plans in the immediate area of the Castle.

COVID-19

ITV are committed to prioritising community and crew safety and following all government health directives carefully. We will continue to monitor, assess and communicate as the situation evolves.
