

Grant Elusennol o £10,000 ar gyfer elusennau bach sy'n gweithredu yn y sector manwerthu, hamdden a lletygarwch.

Mae hyn yn cynnwys:

- Eiddo chwaraeon

Dim ond i sefydliadau dielw sy'n derbyn rhyddhad ardrethi dewisol neu sydd â hawl iddo ac sy'n gweithredu yn y sectorau manwerthu, hamdden neu letygarwch y bydd y disgresiwn hwn yn berthnasol.

Charity Grant of £10,000 Grant for small charities operating in the retail, leisure and hospitality sector.

This includes:

- charity run shops
- sports premises
- community centres / village halls

The Welsh Government has announced that small charities and Community Amateur Sports Clubs (CASC) within the retail, leisure and hospitality sector will receive a £10,000 business support grant to help them respond to the financial challenges of Covid-19. This new package will support properties with a rateable value of £12,000 or below.

Local authorities have discretion to provide grants to not-for-profit bodies they consider to be operating for charitable purposes but aren't currently receiving charitable relief or CASC relief. This discretion will only apply to not-for-profit organisations who are in receipt of or have entitlement to discretionary rates relief and operate in the retail, leisure or hospitality sectors.

It is possible to apply by following this link:

You will need your Business Rate 9 digit reference number. This can be found in the 'your ref' section on your business rate demand. All demand notices were issued out in March so they will have had a copy, even if they are in receipt of full rates relief. The NDR assessment must have been in occupation and in the rating list as at the 20th March 2020.
