and sponsorship which goes towards fees. Now that the Club is in Tier 4, they are having to move location as they don't have sufficient facilities, in order to achieve sponsorship from the Football Association as the main sponsors. Pen Y Bont, are one of their main sponsors but the Club are aware that they are required to do more off the pitch to raise funds, active members are to seek granting, conversations have been happening, It was suggested that the group become members of CVSC in order to be able to access funding.

Cllr. Luckock provided the following overview - CCBC held a meeting with 2 members of Pentre Football Club, CCBC are project managing the 4G pitch, a schedule has gone out to contractors, £30k is for initial phase, which ever site is chosen they would encounter the same issues.

Cllr. Luckock has received complaints from local residents, and advised residents to forward their objections to CBC Planning, who will be considering all issues such as highways/fencing, and then the Club would have to come up with 'shovel ready design'. Both football clubs will need to apply; the school should be on-board and more energetic, as this will enhance the sporting offer that the school can offer. AFC and Pentre FC will have preference over use, and will be marked up as a football pitch but accessible to all other sports.

The finance will be received in stages. There is slight slippage on scheme, but assured that the east of the County have priority by the Football Association.

A question was raised as to what else the school should do? Cllr. Luckock stated that certain matters with paperwork that need to be prioritised, with regard to the roundabout playing fields that is jointly owned by the school and CCBC, and time spent working through the tenancy agreement.

Pentre FC consider that they are not considered an equal partner in the priority list. School and CCBC have a service delivery, and the onus is on school to maintain the land which has been in place since 2018.

A question was raised with regard to other sites and other options, Cllr. Luckock stated that they have looked at 21 sites, this site scored higher than the other sites as the others would have had to be purchased or rented, whereas this land is already in the County ownership.

The Chairman thanked Mr. Hay and Cllr. Luckock for the update.

*Mr. Hay and Cllr Luckock retired at this juncture*

An update on Min No: 95/23 (a) item 1 and 3 was RECEIVED from the Clerk. The Club have been successful in obtaining funding from the Leveling up fund, and S106. As the Club do not hold audited accounts, the maximum that can be awarded is £1000. The Town Council are also not able to fund running costs. It was confirmed that the amount required was £1000.
